

Indian Common Criteria Certification Scheme (IC3S)

Government of India

Department of Information Technology, STQC Directorate
6 CGO Complex, New Delhi 110003

Certificate of Product Evaluation

Certificate Number : STQC/CC/11-12/06/1202

Product Name: Fort Fox Hardware Data Diode (FFHDD), Version: FFHDD2

Assurance Level : EAL4+ (augmented with AVA_VAN.4 and ALC_DVS.2)

Certification Report Number : STQC/CC/11-12/06/CR

Version : 1, Dated : 18th Dec 2012

The IT product identified in this certificate has been evaluated under the terms and condition of the Indian Common Criteria Certification Scheme (IC3S), at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 3.1) for conformance to the Common Criteria for IT Security Evaluation (Version 3.1).

This certificate applies only to the specific version and release of the product in its evaluated configuration (Refer Annexure and Certification Report). The product's functional and assurance security specifications are contained in its Security Target and the conclusions of the Common Criteria Testing Laboratory in the evaluation technical report are consistent with the evidence adduced.

This certificate is not an endorsement of the IT product by any agency of the Government of India and no warranty of the IT product is either expressed or implied.

Date of Issue : 18 December, 2012

Indian Common Criteria Certification Scheme (IC3S)

Government of India, Department of Information Technology
STQC Directorate, 6 CGO Complex, New Delhi 110003

The product below has been evaluated under the terms of the Indian Common Criteria Certification Scheme (IC3S) and has met the stated Common Criteria requirements. The scope of the evaluation and the assumed usage environment are specified in the body of the Certification Report No. STQC/CC/11-12/06/CR, Version 1, dated 18th Dec 2012

Sponsor	Fox-IT BV, based in Delft, The Netherlands
Developer	Fox-IT BV, based in Delft, The Netherlands
Security Target Reference Identification	Fort Fox Hardware Data Diode Security Target Common Criteria FFHDD – EAL 4+ Version 2.06
Product and Version	The product which is the Target of Evaluation (TOE) is a hardware data diode identified as Fort Fox Hardware Data Diode (FFHDD,) Version FFHDD2. The TOE is a physical hardware device housed in a single 19" rack component. It is uniquely labeled with a serial number on the rear panel. The unique TOE reference starts with the version number (FFHDD2) followed by a unique four-digit serial number and ends with a plus sign (+).
Target of Evaluation (TOE)	Same as above
Evaluated configurations	The TOE is defined uniquely by its name and version number Fort Fox Data Diode, version FFHDD2 and can be identified by a unique TOE reference starts with the version number (FFHDD2) followed by a unique four-digit serial number and ends with a plus sign (+). The TOE needs no specific configuration settings as there is only one configuration defined.
Compliance to CC Part 2	Conformant
Compliance to CC Part 3	Conformant
Evaluation Assurance Level (EAL)	EAL4+ (augmented with AVA_VAN.4 and ALC_DVS.2)
Evaluation Lab	Common Criteria Test Laboratory, ERTL(E), DN Block, Sector V Kolkata 700 091
Date Authorized	18th December 2012

Date of Issue : 18 December, 2012
